VIRGIL CENTRAL SCHOOL

Virgil, New York

Virgilian

Foreword

For each of us, this book holds stores of remembered days taken from the halls of V. C. S. Like echoes of timeless songs, they will sing across long years to call back the work, the fun, the joys, and the sorrows that we all shared together in the years at Virgil.

Someday, look here for familiar faces, the times and places we loved and knew. Time will ripen these to golden hours, and each will add its special lustre to memories, the gift of years.

So as a remembrance of our years gone by, we offer this book to you, and hope that it will always bring back thoughts of our class, the class of 1958.

Dear Class of 1958:

The last year of an amazing period has passed. This period has brought sensational changes in the American home, in means of travel, in recreation, shopping, and services. This same period has brought sensational changes within the lives of each of you. I trust you have been prepared to begin to take your place in this surging, changing, vital America. Upon you and your fellow graduates rests the progress of future America.

The first step in your education certainly cannot fully prepare you for the nuclear in space age into which we are now entering. Further education in technology is not the only answer, but more important in all ways is the ability to live with the technological advances in our fellow men.

You are now starting the education for this life. May I urge you to set your goals high and be satisfied with nothing short of achievement of these goals. If you people follow this procedure, the progress of America will be even more amazing in the years to come.

May your future years be as happy as the years past and be as prosperous as you so desire them.

Walter G. Franklin

The Class History

The year 1946 brought 11 of our present 18 members to the first grade with Mrs. Cary diligently trying to keep Dave Kryger and Liz Harendorf from kissing in the closet.

In fourth grade the whole class was in a turmoil over the mystery of who threw the peanut butter sandwich away. It was two hours before Linny Griswold finally admitted the deed.

We finally learned about the far state of California when George Severance joined us in fifth grade.

We were catching on to the "tricks of the trade" in the sixth grade and found ourselves outside the door a lot of the time.

A lot of memories came back from seventh grade but the most vivid was sitting on the floor with gum (of all things) stuck on our noses. With great reluctance Brooklyn gave up Ralph and Ada MacLeod and we welcomed them with open arms in the seventh grade.

George Brown and Pat Burleigh were added to our nest in the eighth grade and with the bouncing bubbling crew we set out for Albany a half hour late because, our advisor, tried and true Mrs. McKibben, overslept! Margot Cory was Valedictorian and Ada MacLeod was Salutatorian of our graduating class. Being a freshman wasn't all we had anticipated but when Carol Gleason came it brightened. These were the "good ole days" when several girls, namely the most talkative, could have a gab fest in the cafeteria with no teachers within blocks.

Come our sophomore year a lot of us remember making up time for our little jaunt to Cornell during Farm and Home week. Seeing the Campus was fun but what followed wasn't. We found out that dynamite comes in small packages when Libby Coons arrived.

The junior year found us fervently learning our lines for our most successful "Cupid in Pigtails". Most of us all but robbed the First National in Cortland to pay for our rings which arrived in January. This year also brought us Barb Roy whom we were happy to add to our class. Rowena Haskins made a gracious and lovely Queen and Ralph MacLeod was an equally charming and handsome King. Pat Sherman was our Princess and Dave Kryger was the Prince.

Then at last our long awaited Senior year. But to our exasperation it was still school and not as glamourous as we had imagined. Our last and final member was added this year. Mike Salka joined our "hard working, industrious" class.

When this yearbook has been published we all hope that as a fitting climax to our four years of high school we will be having happy memories of our Washington trip.
